Sampling Procedures and Policies

- 1) An analysis is only as good as the sample submitted. Every effort should be made to ensure that a good representative sample is taken. Please include at a minimum a quart of manure.
- 2) Please make sure manure samples are transported to the lab immediately after sampling in a sealed container.
- 3) Manure samples will only be stored in the laboratory for 30 days upon completion of the tests requested.
- 4) If you are unsure of any result that you receive, you may call the lab and request that the component in question be reanalyzed to confirm the original result. Retest requests made within 7 days of the "Date Printed" on the report will be performed free of charge.
- 5) All pricing is USD per sample. Prices and services subject to change without notification.
- 6) Visit our website for more information on sampling or call prior to submitting your samples.
- 7) There will be a \$2.00 charge for insufficient paperwork.
- 8) For higher quantities of samples please use our multi-sample form.
- 9) Manure and other biologically active samples are only accepted Monday-Thursday. Please make sure they are mailed early in the week.

*Please note sample retention times: Wet samples are retained for one-week, dry ground samples retained for one month.
